Presented by:

Erin R. Feltes

Eric R. Herlan

Allen L. Kropp

Our Section 504: Deep Dive program received rave reviews last year and we are bringing it back to reach an even broader audience. Many of you have heard our 504 overview, but this conference is much more, and meant as a hands-on deep dive into how to manage your 504 system. Erin, Eric and Allen will provide an overview of the controlling legal principles, but the vast majority of the session will be interactive and hands on, and focus on key 504 issues facing districts across the State. Attendees will work through difficult eligibility, programming, discipline, and other examples; and learning groups will have to consider and address the relationship between 504 and special education within their school systems. How does 504 fit within your school? And what changes might you pursue? Together, we will tackle these and other common, yet complicated issues.

Please join us as we dig deep on the following topics:

- Managing Eligibility
- FAPE and 504
- Improving your 504 Process
- Medically Fragile Students
- Extracurricular Activities
- Integrating Health and 504 Plans
- The 504 Manifestation Determination
- 504 Plan Drafting
- AND MANY MORE!!

This Masters Series event gives you the hands-on experience you need to do your job, and this program is geared toward all persons with 504 responsibilities, including administrators, school counselors, nurses, and special educators.
